PROFESSIONAL EXPERIENCE

Project Manager – Maintenance Manager · ProovStation
Nov 2024 – May 2026

Installation and maintenance of ProovStation AI-assisted vehicle scanners across Europe and the US.

- Installation and maintenance operations
  - Planned and scheduled installations and maintenance interventions
  - Remote support to international partners during interventions, with technical teams
  - Built a network of installation and maintenance contractors across Europe and the US
- Functional lead for internal logistics and field teams
  - Ran intervention scheduling through a collaborative approach
  - Managed station logistics, installation equipment and stock (inventory, procurement)
  - Wrote the first-level maintenance manual, tracked KPIs (tickets, lead time); monthly intervention cost per station down 17% over a year

Project Manager · ProovStation
Feb 2023 – Nov 2024

Deployment and operation of a station network in France (CSM network).

- Deployment of stations and their outdoor modules
  - Installed 17 stations across France in 18 months
  - Permitting: municipal applications, ENEDIS grid connections and works, Consuel certificate
  - Managed contractors for logistics, installation and on-site works
- Network operations and performance
  - Ran day-to-day operations (maintenance, cleaning, opening) and contractor interventions
  - Monitored performance through KPIs: station availability >97%, intervention response times
- Installation and maintenance processes
  - Wrote installation and maintenance procedures for internal and external use

Operations Manager · Navya
2021 – Nov 2022

Led customer deployments, site performance, technical coordination and a customer portfolio.

- Project management and coordination
  - Led customer deployments, mainly in Asia, from feasibility study to commissioning
  - Advised partners on technical site selection
  - Coordinated all project stakeholders
- Operations and performance
  - Resolved field issues with internal teams
  - Ran daily operations monitoring and the spare parts inventory
  - Tracked vehicle hardware updates
- Customer relations and contract follow-up
  - Led weekly customer meetings and handled requests
  - Prepared quotations and followed up on invoicing
  - Monitored contractual commitments

Deployment Specialist · Navya
2017 – 2021

International deployment of autonomous vehicles across Europe, the Middle East and Asia.

- Installation and maintenance of autonomous vehicles
  - Pre-project planning with all stakeholders: scheduling, logistics, mapping
  - Designed routes and configured shuttles
  - Trained operators and produced training materials
- Operational follow-up and continuous improvement (Jira)
  - Wrote deployment reports
  - Drove corrective actions through to stable project operation

Junior Business Developer · Navya
2016 – 2017

Sourced new projects, generated leads and took part in trade shows.
